MERN Stack Developer | Front-End Focused | Tailwind CSS | Node & Express | Problem Solver  
Alwar, Rajasthan, India

## Summary

Full Stack Development | React.js | Node.js | MERN Stack | Firebase  
| DSA Enthusiast

I'm a passionate Full Stack Web Development currently honing my skills at Masai School, with a strong foundation in HTML, CSS, JavaScript (ES6+), and modern frameworks like React.js. I love building clean, responsive, and user-focused interfaces using Tailwind CSS and Chakra UI.

On the back end, I work with Node.js, Express.js, and MongoDB, developing scalable and efficient RESTful APIs. I'm also comfortable with Firebase for real-time databases and authentication.

Beyond building applications, I have a deep interest in Data Structures and Algorithms, which strengthens my problem-solving and debugging skills. I'm experienced in using Git and GitHub for version control and collaborating on team projects in an Agile/Scrum environment.

Currently seeking opportunities to apply my skills in a real-world, growth-driven setting where I can contribute, learn, and innovate alongside a team of forward-thinking developers.

Let's connect if you're hiring, collaborating, or just sharing cool tech ideas!

---

## Education

Masai

Raj Rishi Bhartrihari Matsya University (RRBMU), Alwar  
Bachelor's degree, General Studies · (2020 - 2023)

Masai
